

TRAINEE SEATING PROGRAMME

Law School

Trainee induction

Given our breadth of groups and practice areas, there are numerous seat permutations for a training contract. Below are just a few examples:

Qualification

Newly qualified solicitor (associate)

Qualification

During your final seat we will begin discussions with you about your preferences on qualification.

We consistently retain a high percentage of our trainees, with most qualifying into their preferred practice area.

Our HR team will fully support you during your transition to becoming a newly qualified solicitor.

TRAINING CONTRACT STRUCTURE

During your training contract you will sit in a number of different legal groups. Your training period will always include:
